The California Democratic Party Endorses Congresswoman Grace Napolitano in CA-32

EL MONTE, CA – On Saturday, the California Democratic Party endorsed Congresswoman Grace Napolitano for re-election in California’s 32nd Congressional District at the state party convention in San Jose, CA. This endorsement demonstrates the broad support Congresswoman Napolitano has from grassroots and party members alike.

“As a life-long Democrat, I am deeply grateful for the continued support of my party,” said Congresswoman Napolitano. “It has been a pleasure to work with Democrats across the San Gabriel Valley and the country to make progress on issues that affect working families, women, minorities, veterans, patients, and immigrants. Our party has always fought to give every American the best opportunity to achieve the American Dream and I will continue that fight in Congress.”

Congresswoman Napolitano has served the people in California’s 32nd district, enacting and supporting legislation to fund public transportation, reform our immigration system, address mental health, veterans’ services, focus on water resources and protect workers’ rights.

Congresswoman Grace Flores Napolitano is a powerful advocate for Southern California on water resources, transportation and power generation, and dedicates considerable energy to mental health issues. The daughter of a Mexican immigrant who raised two children on a shoestring budget, Napolitano married at 18 and had five children by 23. She launched her first political campaign for city council where she served for seven years, two of them as mayor, before moving up to the California Legislature. Congresswoman Napolitano is currently serving her ninth term representing California’s 32nd District, where she is the founder and Chair of the Congressional Mental Health Caucus. She is the Ranking Member on the Transportation and Infrastructure Committee’s Subcommittee on Water Resources and Environment and serves on the Natural Resources Committee’s Subcommittee on Water and Power.
