Los Angeles County Young Democrats Endorse Congresswoman Grace Napolitano

EL MONTE, CA – Congresswoman Grace Napolitano earned the endorsement of the Los Angeles County Young Democrats, an organization that strives to elect leaders that support and protect the future of the Democratic Party.

“I am proud to have the endorsement of the Los Angeles County Young Democrats. I cannot stress enough the importance of mobilizing and energizing the next generation of voters, and the Los Angeles County Young Democrats are providing the kind of leadership we need to accomplish that goal,” said Congresswoman Napolitano.

The Los Angeles County Young Democrats (LACYD) organization was established to give young Democrats a voice and a vehicle for activism in local, state and federal political issues.

“Congresswoman Napolitano is a consistent and hardworking advocate for the San Gabriel Valley; however, the strongest reason for our endorsement is her ability to bring back real results for her district,” said Steve Ferguson, San Gabriel Valley Regional Board Member. “From her tireless work on the FAST Act that brought \$26 billion dollars to California to fix crumbling infrastructure to her advocacy on the Mental Health in Schools Act, I am confident that Congresswoman Napolitano will continue to serve as a model for politicians who get things done in Congress.”

Congresswoman Grace Flores Napolitano is a powerful advocate for Southern California on water resources, transportation and power generation, and dedicates considerable energy to mental health issues. The daughter of a Mexican immigrant who raised two children on a shoestring budget, Napolitano married at 18 and had five children by 23. She launched her first political campaign for city council where she served for seven years, two of them as mayor, before moving up to the California Legislature. Congresswoman Napolitano is currently serving her ninth term representing California’s 32nd District, where she is the founder and Chair of the Congressional Mental Health Caucus. She is the Ranking Member on the Transportation and Infrastructure Committee’s Subcommittee on Water Resources and Environment and serves on the Natural Resources Committee’s Subcommittee on Water and Power.
